

PRoSPer* with *AES-IntelliNet*

Proprietary Wireless Alarm Monitoring

PRoSPer is the *AES-IntelliNet™ *Preferred Reseller Support Program* designed to provide System Integrators, Consultants, and System Designers, the tools needed to win more Fire and Security projects.

If you are implementing critical event communications systems for School Districts, Universities, Corporate Campuses, Municipalities, or Military Bases, *AES-IntelliNet* wireless solutions reduce installation costs and eliminate communications fees, giving you a competitive edge.

AES-IntelliNet offers a comprehensive support program designed to improve profits and help you **PRoSPer**.

- Lead Generation
- RFP and Proposal Support
- Network Design and Installation Support
- Technical Training and Certification
- Sales and Marketing Support

“ Implementing

***AES-IntelliNet* saved
my customer \$200,000
in installation costs
and \$96,000 a year in
telephone line costs. ”**

**KURT BRINKMAN, CEO,
Intrepid Electronic Systems Inc.**
